

Ahmad Salahuddin

B.Pharm., M.Sc., Ph.D.

Professor of Biochemistry and Molecular Biology

Faculty of Pharmacy, Damanhour University, Egypt

salahuddin@pharm.dmu.edu.eg | +20 100 518 2320 | Damanhour, Egypt

ACADEMIC PROFILE

Professor of Biochemistry and Molecular Biology with academic experience spanning university teaching, biomedical research, postgraduate supervision, research project management, and academic administration. Currently serving as Professor and Vice Dean for Community Service and Environmental Development Affairs at Damanhour University, with previous leadership experience in education and student affairs, training, laboratory management, and scientific affairs at Egyptian and Iraqi universities. Research activities encompass biochemical and molecular mechanisms of disease, cancer-related research, pharmacogenomics, biomarkers, natural bioactive compounds, and translational biomedical studies.

ACADEMIC LEADERSHIP & ADMINISTRATIVE EXPERIENCE

Vice Dean for Community Service and Environmental Development Affairs

Damanhour University – Faculty of Pharmacy, Egypt | Aug 2026 – Present

Manager, Training Unit

Damanhour University – Faculty of Pharmacy, Egypt | Jan 2026 – Present

Member, International Cooperation Office

Damanhour University | Jan 2026 – Present

Vice Dean for Education and Student Affairs

Damanhour University – Faculty of Pharmacy, Egypt | Dec 2019 – Sep 2022

Executive Manager, Pharmaceutical Analysis Laboratory

Damanhour University – Faculty of Pharmacy, Egypt | Dec 2019 – Sep 2022

Vice Dean for Scientific Affairs, College of Pharmacy

Al-Ayen Iraqi University, Nasiriyah, Dhi Qar, Iraq | May 2023 – Oct 2025

Vice Dean for Scientific Affairs, College of Health and Medical Technologies

Al-Ayen Iraqi University, Nasiriyah, Dhi Qar, Iraq | Sep 2022 – May 2023

Vice Dean for Scientific Affairs, College of Pharmacy

Al-Ayen Iraqi University, Nasiriyah, Dhi Qar, Iraq | Mar 2017 – Dec 2019

Technical Manager, Bioequivalence Center

October University for Modern Sciences & Arts (MSA), Giza, Egypt | Jan 2013 – Jun 2014

ACADEMIC & TEACHING EXPERIENCE

Professor of Biochemistry and Molecular Biology

Damanhour University – Faculty of Pharmacy, Egypt | Nov 2022 – Present

Al-Ayen Iraqi University, Nasiriyah, Iraq | Nov 2022 – Oct 2025

Associate Professor of Biochemistry and Molecular Biology

Damanhour University – Faculty of Pharmacy, Egypt | Nov 2017 – Nov 2022

Al-Ayen Iraqi University, Nasiriyah, Iraq | Mar 2017 – Dec 2019

Arab Academy for Science, Technology & Maritime Transport (AASTMT), El Alamein Branch | Fall 2021 & Spring 2022

Ahram Canadian University (ACU), Faculty of Pharmacy | Summer 2021

Lecturer of Biochemistry and Molecular Biology

Damanhour University – Faculty of Pharmacy, Egypt | Jun 2014 – Nov 2017

October University for Modern Sciences & Arts (MSA), Faculty of Pharmacy | Sep 2011 – Jun 2014

Assistant Lecturer of Biochemistry and Molecular Biology

October University for Modern Sciences & Arts (MSA), Faculty of Pharmacy | Oct 2008 – Aug 2011

INTERNATIONAL RESEARCH EXPERIENCE

Postdoctoral Research — enzyme immobilization on nanoparticles; DNA and bacterial membrane surface structure determination by atomic force microscopy

Institute of Bioorganic Chemistry, Russian Academy of Sciences, Russia | Sep 2015 – Nov 2015

Postdoctoral Research — activity changes of enzymes immobilized on polymer nanoparticles; taught clinical biochemistry to Ph.D. students

Moscow State Academy of Veterinary Medicine and Biotechnology, Russia | Sep 2015 – Nov 2015

EARLY CAREER / OTHER POSITIONS

Scientific Office

Sigma Pharmaceutical Industries, Egypt | Sep 2004 – Oct 2008

Out-Patient Pharmacy Manager

Dikirnis General Hospital, Dakahlia, Egypt | May 2005 – Jun 2006

ACADEMIC, ADMINISTRATIVE & PROFESSIONAL ACTIVITIES

- Students Communication and Activities Coordinator (2014/2017).
- Student Union Consultant (2015/2016–2016/2017).
- Academic Advisor, EPSF-Damanhour (2014/2016).
- Academic Advisor, Students for Egypt (2016/2017).
- Executive Committees of the Clinical Pharmacy Program (2014/2017;2019/2022;2026/present).
- Postgraduate Studies and Research Committee (2014/2017).
- Ethics Committee (2014/2017).
- Academic Advising and Student Support Coordinator (2014/2017).
- Participated in weekly curriculum-development meetings at the Faculty of Pharmacy, Cairo University, for the Clinical Pharmacy program (Spring 2017).

EDUCATION

Ph.D. in Pharmaceutical Sciences – Biochemistry

Al-Azhar University, Cairo, Egypt | 2011

Dissertation: "Biochemical Markers in Spontaneous Bacterial Peritonitis"

M.Sc. in Pharmaceutical Sciences – Biochemistry

Al-Azhar University, Cairo, Egypt | 2007

Dissertation: "Serum Beta Endorphin Level and Some Lipid Parameters in Acute and/or Chronic Gastric and Duodenal Ulcer Patients"

B.Pharm. – Very Good with Honors

Al-Azhar University, Cairo, Egypt | 2004

RESEARCH PROFILE

- Biochemistry and molecular biology
- Cancer-related biochemical and molecular research
- Cancer biomarkers and molecular mechanisms
- Pharmacogenomics and genetic polymorphisms
- Natural products and bioactive compounds
- Oxidative stress, inflammation and organ toxicity
- Drug response, chemotherapy-related toxicity and translational biomedical research

RESEARCH PROJECTS & FUNDING EXPERIENCE

- Experience preparing, implementing, and managing five competitive research projects funded by the Science, Technology & Innovation Funding Authority (STDF) and Higher Education Development Projects Management Unit (PMU).

POSTGRADUATE SUPERVISION (M.Sc. & Ph.D.)

Total supervised: 20 theses — 15 awarded (14 M.Sc. + 1 Ph.D.), 2 M.Sc. withdrawn, 3 registered (2 M.Sc. + 1 Ph.D.).

#	Student Name	Degree	Reg. Date	Research Topic	Status
1	Nada Osama Dardeer AbdelMalik Gad ElMoula	Ph.D. Biochemistry	Mar 2013	Evaluation of biochemical effects in rats with induced diabetes.	Awarded
2	Noha Mohamed Abd ElAziz Mohamed Issa	M.Sc. Biochemistry	Oct 2014	Biochemical effects of antrafen on Ehrlich solid tumor-bearing mice.	Awarded
3	Heba AbdelMoneim Ahmed Ghanem	M.Sc. Biochemistry	15/01/2017	Evaluation of potential anticancer effects resulting from re-expression of estrogen receptor gene in triple-negative breast cancer cell line MDA231.	Awarded
4	Noran Ali AbdelMagid Sawan	M.Sc. Biochemistry	13/03/2018	Antitumor effects of heat shock protein inhibitor combination with piperine on colorectal cancer cells.	Awarded
5	Dina Saad Mohamed ElKhawalka	M.Sc. Biochemistry	13/03/2018	Antitumor effects of heat shock protein inhibitor combination with hespediolin on hepatocellular carcinoma cell lines.	Withdrawn
6	Sara Mohamed AbdelHamid Masoud	M.Sc. Biochemistry	11/07/2019	Evaluation of antitumor effects of evening primrose oil alone and with tamoxifen on breast cancer cell lines.	Awarded
7	Karim Ashraf Basiouny Shalaby	M.Sc. Biochemistry	11/02/2020	Evaluation of some microRNA in hepatocellular carcinoma in Egyptian patients.	Awarded
8	Noran Ahmed Mohamed ElSheikh	M.Sc. Clinical Pharmacy	15/03/2020	Comparison of the effect of unfractionated heparin as an anticoagulant and anti-inflammatory via intravenous infusion vs. subcutaneous injection in patients with severe sepsis.	Awarded
9	Islam Adel AbdelGawad	M.Sc. Biochemistry	11/03/2021	Antitumor effect of sorafenib with a natural compound on different cancer cell lines.	Awarded
10	Shorouk Mohamed Ahmed Okda	M.Sc. Clinical Pharmacy	19/05/2021	Pharmacogenetic study of bisoprolol in Egyptian patients with acute coronary syndrome.	Awarded
11	Zainab Mohamed Mohamed ElHadad	M.Sc. Clinical Pharmacy	14/09/2021	Comparative study between high doses of rosuvastatin and atorvastatin on ventricular remodeling in STEMI patients.	Awarded
12	Kholoud AbdelHamid Ahmed ElZanaty	M.Sc. Biochemistry	14/09/2021	Evaluation of potential antitumor and protective effects of sesamol in Ehrlich solid carcinoma-bearing mice treated with epirubicin.	Awarded
13	ElShaimaa Fathy Nagi	M.Sc. Biochemistry	18/11/2021	Evaluation of potential antitumor and protective effects of ferulic acid in Ehrlich solid carcinoma-bearing mice treated with doxorubicin.	Awarded
14	Mohamed Salah ElDin Hasan Selim	M.Sc. Clinical Pharmacy	18/11/2021	Association of genetic polymorphisms with cisplatin-induced nephrotoxicity in bladder cancer patients.	Withdrawn
15	Inas Ahmed Mohamed ElShorbagy	M.Sc. Clinical Pharmacy	18/11/2021	Study of the relationship between some genetic polymorphisms and doxorubicin-induced cardiotoxicity in Egyptian breast cancer patients.	Awarded
16	Alaa Refaat Gouda Afifi	M.Sc. Clinical Pharmacy	18/11/2021	Effect of N-acetylcysteine on moderate to severe traumatic brain injury patients.	Awarded
17	Heba ElHusseini Mansour Alwan	M.Sc. Clinical Pharmacy	18/11/2021	Effects of anesthesia using propofol vs sevoflurane post-surgery in Egyptian patients.	Awarded
18	Eman Safwat Menesi	M.Sc. Biochemistry	11/12/2025	Therapeutic role of withaferin A nano-formulation combined with doxycycline in breast cancer treatment.	Registered
19	Heba AbdelMoneim Ahmed Ghanem	Ph.D. Biochemistry	15/01/2026	Evaluation of potential anticancer effects of thymoquinone nanoparticles with doxorubicin in breast cancer.	Registered
20	Rowan Ahmed AbdelMoneim	M.Sc. Biochemistry	15/01/2026	Evaluation of antitumor effect of rutin nanoparticles in enhancing oxaliplatin effect in colorectal cancer cell lines.	Registered

THESIS EXAMINATION COMMITTEES

Served as an External Examiner / Member of the Thesis Defense Committee for the following theses:

M.Sc. in Pharmaceutical Sciences (Pharmacology and Toxicology) – Faculty of Pharmacy, Damanhour University

Candidate: Mohamed Gamal El-deen Hassan Mohammed

Thesis Title: *"Pre-clinical study of the nephroprotective effects of sulfasalazine on cisplatin-induced nephrotoxicity in male rats."*

M.Sc. in Pharmaceutical Sciences (Biochemistry) – Faculty of Pharmacy, Suez Canal University (29/07/2024)

Candidate: Maryam Sayed Sayed Ahmed

Thesis Title: *"Investigating the Role of Hesperidin in Treatment of Non-small Cell Lung cancer: A Molecular Mechanism."*

M.Sc. in Pharmaceutical Sciences (Biochemistry) – Faculty of Pharmacy, Damanhour University (30/03/2022)

Candidate: Hashim Omar Shebl Zahra

Thesis Title: *"Evaluation of some prognostic markers in well-differentiated thyroid carcinoma patients after thyroidectomy."*

M.Sc. in Pharmaceutical Sciences (Biochemistry) – Faculty of Pharmacy, Damanhour University (13/02/2022)

Candidate: Marwa Abdel-Salam Mahmoud Beas

Thesis Title: *"Evaluation of antitumor effect of rosmarinic acid alone and in combination with taxol in mice."*

M.Sc. in Pharmaceutical Sciences (Biochemistry) – Faculty of Pharmacy, Damanhour University (08/09/2022)

Candidate: Sara Mohamed Abd El-Hamid Masoud

Thesis Title: *"Evaluation of antitumor effects of evening primrose oil alone and with tamoxifen on breast cancer cell lines."*

TEACHING EXPERIENCE

Undergraduate Courses

Cell Biology; Biochemistry I; Biochemistry II; Clinical Biochemistry & Molecular Biology; Clinical Nutrition; Applied Clinical Analysis; Pharmaceutical Legislations; Research Methodology; Graduation Project.

Diploma Courses (Biochemistry & Clinical Pharmacy)

Basic Biochemistry; Biochemical Methods and Techniques; Blood Biochemistry and Diseases; Advanced Molecular Biology; Advanced Clinical Biochemistry; Clinical Nutrition; Clinical Lab Investigation; Scientific Writing.

Postgraduate (M.Sc. & Ph.D.)

Course delivery and thesis supervision for M.Sc. and Ph.D. students.

SELECTED PROFESSIONAL DEVELOPMENT

- Research methodology and international academic publication.
- Research funding proposal development and competition initiatives.
- International database usage and research ethics.
- Teaching and learning strategies, quality standards in teaching, e-learning and student assessment.
- Faculty accreditation planning and quality standards in learning.
- Legal and financial aspects of the university environment.
- Decision-making, problem-solving, negotiation and situational leadership.
- Laboratory security and safety standards and preparation of MSDS files.
- Digital content development, communication and presentation skills.

CONFERENCE PRESENTATIONS

- 2nd International Conference for Application of Biotechnology, Oct 17–18, 2009, MSA University, Giza, Egypt.
- 8th International Congress of the Egyptian Society of Pediatric Hematology and Oncology, Mar 25–26, 2010, Alexandria, Egypt.
- Conference of the Egyptian Neonatal Network, "Update in Neonatal and Pediatric Care," Aug 7, 2014, Mansoura, Egypt.
- XLV International Conference on "Physics of Charged Particle Interaction with Crystal," May 26–28, 2015, Lomonosov Moscow State University, Russia — poster: "Variation of hematological parameters in rats exposed to electromagnetic radiation."
- VI International Conference on "Actual Problems of Biology in Animal Husbandry," Sep 15–17, 2015, Russian Academy of Agricultural Sciences, Borovsk, Russia.
- 13th National Conference of the National Committee for Biochemistry and Molecular Biology, Mar 23–24, 2016, October 6 University, Giza, Egypt — oral presentation: "Evaluating the hypoglycemic, antioxidant, anti-inflammatory, hepatoprotective and renoprotective effects of aqueous extract of *Coriandrum sativum* in diabetes – an experimental study."
- 1st Arab International Pharmacy Conference, "Pharmacy Vision 2030," Mar 30 – Apr 1, 2017, Cairo, Egypt — poster: "Biochemical effects of atorvastatin on cisplatin-treated Ehrlich solid tumor-bearing mice."
- 1st Scientific Day, College of Pharmacy, Al-Ayen University, Iraq, May 15, 2018 — presentation: "HCV – A Recent Update."
- 1st International Scientific Conference of Al-Ayen University (ISCAU), Mar 30–31, 2019, Thi Qar, Iraq — organizing/scientific committee member; oral presentation: "HCC, Biochemical Pathways."
